   1. eVA Users are responsible for updating their delegated approval profiles in their eVA accounts if they go out on vacation, emergencies (if possible), other types of leave, etc.
   2. If an eVA User goes out of work unexpectedly and not be able to update their delegated approval profile in eVA, their supervisor must contact the eVA Security Officer to receive custodial rights, for a period not to exceed 90 days, to that eVA User, so that any orders or approvals can be processed in eVA.

I. Loan Agreements
   1. Vendors will sometimes offer goods to agencies to test for a limited time.
   2. A Loan Agreement 260_F5 must be processed when accepting goods for testing purposes.
   3. The Headquarters Procurement Unit must review and approve Loan Agreements.

J. Vending Services
   1. The Department for the Blind and Vision Impaired (DBVI) is a mandatory source for the provision of vending services when annual sales are estimated to be $5,000 or greater.
   2. If DBVI is unable to provide the required services and an exemption is granted, vending services must be procured competitively.
   3. As stated in the APSPM, "If there is to be a contract between a state agency and a non-governmental vendor, the Virginia Public Procurement Act (COV §2.2-4300 et seq.) and regulations set forth in the APSPM and the Vendor's Manual apply regardless of the source of funds by which the contract is to be paid or in the absence of any monetary consideration flowing to either party."

K. Contract Monitoring
   1. Each Operating Unit must implement and maintain a system to monitor expiration dates of its term contracts (government to nongovernment and government to government) in order to initiate contract replacement and renewal actions in a timely manner.
   2. At the beginning of each fiscal quarterly basis, each Operating Unit must submit a list of all term
contracts (government to nongovernment and government to government) to the Director of Procurement and Risk Management. The Director of Procurement and Risk Management must consolidate the list and post it to the Agency external website.

3. The contract administrator or designated staff must meet at least annually with any contractor providing program services to review the program. (2-CO-1B-10)

4. Each contract, including memoranda of agreement and memoranda of understanding, should be provided to the Headquarters Procurement Unit for review and tracking purposes.

L. All solicitations for the purchase of professional services must be processed through the Headquarters Procurement Unit.

M. Purchases from Small, Women-Owned and Minority-Owned Businesses

1. Each Organizational Unit is required to make every effort to achieve the agency’s aspirational spend goals with small, women-owned and minority-owned businesses (SWaM) as established and detailed in the DOC annual Supplier Diversity Plan posted on iDOC.
   a. Procurements up to and including $10,000 must be awarded to a Department of Small Business and Supplier Diversity (DSBSD) certified micro business bidder/offeror.
      i. If prices do not appear to be fair and reasonable (not to exceed 5% of lowest responsive and responsible bidder), the agency must document the procurement file to the effect, including the basis for the determination, and then obtain additional quote(s) in accordance with the Small Business Enhancement Award Priority.
      ii. Entering the decision to award to other than the lowest priced certified micro business in the “Comments” section of the purchase requisition satisfies this requirement.
   b. Procurements over $10,000 and up to $100,000 must be set-aside exclusively for DSBSD-certified small businesses; however, the procurement may be exempted from the Small Business Enhancement Award Priority if there is not a reasonable expectation that the agency or institution will receive at least two competitive bids or offers from DSBSD-certified micro/small businesses. To request a waiver to the set-aside requirement, a Waiver for Small Business Enhancement Award Priority 260_F16, must be completed and submitted to the appropriate Support Services Manager or Procurement Manager for approval.
   c. For procurements over $100,000, unless a determination has been signed by the Director of Procurement and Risk Management or designee and supported by factual evidence explaining in sufficient detail why no subcontracting opportunities exist, all agencies and institutions must include in the terms and conditions, the requirement for a Small Business Subcontracting Plan for the award of any prime contract. To request a waiver to remove this requirement, a Waiver for Small Business Enhancement Award Priority 260_F16, must be completed and submitted to the Director of Procurement and Risk Management for approval. A Waiver for Pre-Bid or Pre-Proposal Conference may be used if it is deemed unnecessary to conduct a meeting because specifications are clearly defined, or other viable justifications.

2. The Department of Small Business and Supplier Diversity (DSBSD) posts certified small, women-owned and minority-owned businesses on-line.

3. Document attempts to identify SWaM businesses if the required number of DSBSD SWaM certified businesses are not solicited.

4. When using contracts that were awarded to multiple contractors and one or more of the Contractors is a SWaM vendor, the end-user must make reasonable efforts to place the order with the SWaM vendor(s), if the prices are fair and reasonable and the goods/services meet the DOC’s needs.

N. Compliance Reviews

1. DP&S and APA Compliance Reviews for Organizational Units that require a written response detailing corrective action must be approved by the Organizational Unit Head and the appropriate Deputy Director or Regional Operations Chief.
2. A draft copy of the response must be sent to the Director of Procurement and Risk Management at DOC Headquarters before a final response is prepared for the above stated approval.

3. A copy of the final written response must also be sent to the Director of Procurement and Risk Management at DOC Headquarters.

4. DP&S and APA Compliance Reviews processed for Headquarters must be approved by the Deputy Director for Administration before being sent to the Compliance Agency.

5. Final response to noncompliance issues must be submitted within timeframes established by the reviewing agency.

O. Vendor Protests

1. If a Bidder or Offeror submits a protest of award, the DOC Organizational Unit must notify and provide the Director of Procurement and Risk Management with a copy of the protest letter, a draft of the protest response, and a copy of the procurement file for review and approval before the response is sent to the Bidder/Offeror.

2. All protest letters must be responded to in writing within 10 days of receipt.

3. If the protest is denied by the Director of Procurement and Risk Management, the denial must be final unless the Bidder/Offeror appeals to the appropriate Circuit Court.
