PURPOSE
This operating procedure establishes protocols to provide reasonable opportunities for offenders incarcerated in Department of Corrections facilities to voluntarily pursue religious beliefs and practices subject to concerns regarding facility security, safety, order, space, and resources. The Department of Corrections will give no preference to the activities of one religious denomination, faith, or sect over another.

PROCEDURE
I. Department of Corrections (DOC) Recognized Religions
   A. The DOC has recognized specific religions that are allowed to meet in DOC facilities without further review and approval of the Faith Review Committee and the Chief of Corrections Operations and in accordance with this operating procedure.
      1. The religions currently recognized are listed on Attachment 1, Religions Approved to Operate in DOC Facilities.
      2. This recognition is not a judgment on the validity of any religion or of the sincerity of its followers and it confers no rights or privileges to offenders who practice these religions that are not available to all other offenders in DOC facilities.
      3. DOC staff, facility Chaplains, and religious volunteers will not discriminate against or give preferential treatment to any offender based on the offender’s religious beliefs or practices nor will they coerce offenders to join or participate in the activities of a particular religion. (2-CO-5E-02)
   B. Offenders may request approval for a religion, not currently recognized by the DOC, by submitting a Request for Recognition of a Religion 841_F2 to the Facility Unit Head.
      1. The Request for Recognition of a Religion must be complete, as well documented as possible, and include any relevant supporting documentation.
      2. An outside sponsor, clergy, or representative of a religious organization is not required prior to request for the recognition of a religion.
   C. The Facility Unit Head will review the Request for Recognition of a Religion to ensure that the Request is complete and to confirm that the requested religion is not currently approved on the Religions Approved to Operate in DOC Facilities.
      1. The Facility Unit Head will document their recommendation on the Request and, when applicable, provide additional information for consideration by the Faith Review Committee.
      2. The Facility Unit Head will forward the Request and all supporting documentation provided by the offender to the Faith Review Committee for further review.
   D. Faith Review Committee members will review the Request for Recognition of a Religion and all supporting documentation and make recommendations to the Chief of Corrections Operations on approval or disapproval of the religion, requested holydays, religious items, and other requested religious accommodations.
   E. The Chief of Corrections Operations, based on the information presented, will make the final decision to approve or disapprove the religion and the Faith Review Committee recommendations on holydays, religious items, and other requested religious accommodations.
   F. The Faith Review Committee chair or designee will document all decisions made on the Request for Recognition of a Religion and will forward a copy of the completed Request for Recognition of a Religion 841_F2 to the Facility Unit Head and the offender.
II. Faith Review Committee
   A. The Faith Review Committee is comprised of DOC employees appointed by the Chief of Corrections Operations. Ad hoc committee members may be included, as needed, to provide expertise on specific
religions.

B. The Faith Review Committee ensures statewide consistency for holy days, religious items, and other requested religious accommodations based on legitimate security and operational concerns.

C. The Faith Review Committee reviews referrals from Facility Unit Heads on requested religious items and practices, and determines whether a requested holy day, religious item, or accommodation should or should not be approved in accordance with DOC operating procedures.

1. The Committee will meet no more often than quarterly, but may review referrals from facilities more often on an as-needed basis.

2. Committee recommendations are referred to the Chief of Corrections Operations and the Corrections Operations Administrator for review and approval prior to notifying facilities of changes.

III. Facility Religious Program

A. The Facility Unit Head will designate appropriate space to include adequate office space, storage space, and an area for a Religious Library and appropriate equipment for the provision and administration of the religious program at their facility. (5-7F-4520; 4-4520; 2-CO-5E-01)

1. The facility Chaplains should be provided with a computer, telephone line, printer/copier access, and all standard office supplies in order to carry out their duties.

2. Facility staff should make available the space and equipment needed to conduct scheduled religious activities such as a computer and LED projector as authorized by the Operations Support Manager.

B. The facility Chaplain (in consultation with and approval of the Facility Unit Head) will plan, direct, and coordinate all aspects of the facility’s religious program to include approval and training of both Lay Chaplains and clergy volunteers from religions represented by the offender population. (5-7F-4514; 4-4514; 2-CO-5E-01, 2-CO-5E-02)

C. Offenders are not allowed to hold formal religious meetings or group prayers without staff authorization, approval, and required supervision.

1. This does not prohibit informal religious discussions in leisure areas such as dayrooms or recreation yards as long as the group does not disrupt other offenders authorized to use the same area.

2. Personal prayers should not interfere with institutional count, movement times, and other security operations.

3. Facility staff and work supervisors must make accommodations to allow offenders to perform their personal prayers individually during scheduled breaks. Group prayers are not authorized during work, school, or program breaks.

D. The Facility Unit Head will authorize and approve special visits between offenders and clergy in accordance with Operating Procedure 851.1, Visiting Privileges. (2-CO-5E-01)

1. Counseling by the facility Chaplain or other clergy is confidential, but may be subject to reasonable and respectful observation as necessary, and in accordance with the security level and nature of the facility. Each facility should provide an appropriate location for confidential religious counseling as needed. (2-CO-5E-02)

2. Offenders under full or partial facility lockdown and offenders assigned to housing statuses that require restricted offender movement for safety and security concerns may have access to approved clergy on an individual basis, and/or via closed circuit televisions in cells where applicable, unless otherwise prohibited based on legitimate safety and security concerns, consistent with the mission of the facility.

E. Any outside religious group or organization representing a recognized religion can request a special religious event in a facility i.e., classes, revivals, interfaith spiritual retreats, concerts, and other special programs.
1. The request for a religious event (one day or multiple day events) at a facility must be submitted to the facility Chaplain who will review the request and confirm that the associated religion is approved to operate in DOC facilities.

2. The facility Chaplain will consult with the Facility Unit Head or designee to schedule the event based on available space and time, security needs, and staff supervision; the Facility Unit Head will approve the scheduling of days and times for special religious events.

3. Special religious events should be opened up to the entire offender population at the Facility Unit Head’s and facility Chaplain’s discretion.

4. Sign up lists and other methods that provide equal access may be used to limit numbers of offenders allowed to attend the event based on limited space and supervision resources at the facility.

IV. Offender Participation in Religious Activities

A. Offenders have a constitutional right to practice their religion and must be allowed to practice their religion either individually or as a group through participation in scheduled religious activities, unless the religious practice or activity presents a threat to the safety of others involved or disrupts facility order. (5-7F-4517; 4-4517; 4-ACRS-5A-22; 2-CO-5E-01)

1. The facility must balance these rights with available space and time, security needs, and staff supervision to ensure that all offenders are provided equal access to facility resources in order to practice their religion.

2. Institutions will use the master pass list provided in VACORIS to control access to religious activities.
   a. Field Units, Work Centers, and Community Corrections Facilities are not required to use the master pass list when the offender is not exiting the building.
   b. When a master pass list is not used, facility staff must ensure that all offenders are provided equal access to religious activities in accordance with this operating procedure.

3. Religious activities may be suspended by the Facility Unit Head based upon legitimate concerns regarding security, safety, or facility order.
   a. The suspension of a religious activity must be documented on an Internal Incident Report; see Operating Procedure 038.1, Reporting Serious or Unusual Incidents.
   b. Any suspension of a religious activity must be reported to the Operations Support Manager, Regional Administrator, Regional Operations Chief, and the Chief of Corrections Operations.
   c. The Facility Unit Head should provide the reason for the suspension and the date that the religious activity is scheduled to resume.

4. Memos and notices relevant to volunteers and religious activities should be readily available to Front Entry staff to facilitate volunteer entry to the facility.

B. All facilities will maintain a current list of the religious activities scheduled at the facility similar to Attachment 2, Request to Attend Religious Activities - Sample.

1. The minimum number of offenders required to establish, maintain, and hold a religious activity at a facility for a recognized religion is two.

2. Each recognized religion with the minimum number of offenders must be provided one religious activity of one and one-half hours in length; the Facility Unit Head will approve the scheduling of days and times for religious activities.

3. Religious activities must be scheduled equally for all recognized religions. The frequency (i.e. weekly, bi-weekly, monthly) of a religious activity is based on the total number of facility religious activities, available space and time, security needs, and staff supervision.
   a. If facility space, time, security needs, and staff supervision allow, the Muslim religious activity should be held on Friday between the hours of 1:00 and 3:00 p.m.
b. If facility space, time, security needs, and staff supervision allow, Jewish and Messianic Jewish religious activities should be held on Friday.
   i. The religious activity should be scheduled to occur close to sunset consistent with security requirements.
   ii. Commissary funds or donations, approved by the Facility Unit Head, may be utilized to procure matzo and kosher grape juice.

4. The religious activity can include a service, group prayer, ritual, ceremony, celebration, study group, meeting, or any combination of these religious practices.

5. The Request to Attend Religious Activities will not be used to approve or deny religious items, including religious publications.

C. During all facility orientations, offenders will be allowed to complete the facility specific Request to Attend Religious Activities in order to designate the religious activity they wish to attend. (2-CO-5E-01, 2-CO-5E-02)

1. Offenders can only choose one religious activity from the Request to Attend Religious Activities, and the offender will only be allowed to attend that religious activity until the next quarterly open enrollment period or a facility transfer.

2. Each calendar quarter, an open enrollment period of two weeks will be provided to allow offenders the opportunity to choose a religious activity or change their religious activity by submitting a new Request to Attend Religious Activities.
   a. Offenders must be allowed to submit the Request to change their religious activity at the next open enrollment period regardless of their reception date at the facility.
   b. Offenders making no changes to their religious activity do not need to submit the Request.

3. Once an offender has designated a religious activity to attend, the offender will be added to the master pass list, when required for offender movement.
   a. An offender’s attendance and/or participation in a religious activity must be voluntary at all times.
      i. An offender cannot be removed from the master pass list or any other list controlling access to a religious activity or otherwise penalized to include disciplinary action for not attending a religious activity.
      ii. Offenders who choose to attend will be required to stay until the religious activity has concluded.
      iii. Offenders who engage in inappropriate or disruptive behavior will be removed from the religious activity and are subject to disciplinary action.
   b. An offender will only be removed from the master pass list or other movement list if voluntarily requested through submission of an Offender Request 801_F3, submission of a new Request to Attend Religious Activities during the next quarterly open enrollment, or the offender transfers to a new facility.
   c. An offender may be suspended from a religious activity for inappropriate or disruptive behavior with approval of the Facility Unit Head.
      i. The suspension of an offender must be documented on an Internal Incident Report; see Operating Procedure 038.1, Reporting Serious or Unusual Incidents.
      ii. The suspension must be temporary and should expire at the next quarterly enrollment period.
   d. A religious activity may be cancelled when only one offender attends the activity and there is no clergy or volunteer present. If two offenders attend the religious activity and/or there is clergy or a volunteer present for the religious activity then the activity will not be cancelled.
   e. Facility staff must make reasonable accommodations to allow offenders participating in work, school, and mandatory program assignments to attend their religious activity.
      i. Work supervisors should employ the least restrictive means available to permit an offender’s absence from their assigned work site when the essential duties and responsibilities of the job
will continue to be satisfied and the safety, security, and operational needs of the facility will continue to be met.

ii. When an accommodation cannot be made because there are no alternatives that permit offender participation in mandatory school and/or program assignment and their religious activity, the offender will not be excused from their assignment to attend the religious activity.

iii. Facility staff must document the alternatives considered and the reason an accommodation could not be granted.

4. Offenders will not be placed on a waiting list to attend a religious activity.
   a. When the number of offenders selecting the same religious activity exceeds room capacity, the facility will schedule an additional religious activity on the facility’s Request to Attend Religious Activities.
   b. An outside sponsor, clergy, or representative of a religious organization is not required for establishment of an additional religious activity.
   c. Each religious activity will be scheduled at the same frequency as all other religious activities.
   d. When multiple religious activities are scheduled for the same religion to accommodate the number of participating offenders, facility staff will assign offenders to the religious activity with available space.

5. Offenders who choose not to complete a Request to Attend Religious Activities are not penalized.
   a. The offender will not be allowed to submit a Request or to attend scheduled religious activities until a Request is submitted during the next open enrollment period.
   b. Until such time, the offender may practice their faith privately/individually through prayer, meditation, reading, reflection, etc.

D. Offenders may request a religious activity for any recognized religion that is not offered at the facility as listed on the facility’s Request to Attend Religious Activities. (2-CO-5E-01)
   1. The offender must submit an Offender Request 801_F3 to the facility Chaplain or other designated staff member who will monitor and track all religious activity requests.
   2. Once the minimum number of two Offender Requests are received, the religious activity will be provided time and space to meet at the same frequency as all other religious activities.
   3. An outside sponsor, clergy, or representative of a religious organization is not required for establishment of a new religious activity at a facility.
   4. Religious activities for religions not recognized by the DOC will not be approved. Offenders may apply for recognition in accordance with this operating procedure.

E. A religious activity should be discontinued and removed from the facility’s Request to Attend Religious Activities, at the next quarterly enrollment period when the minimum number of two offenders is not maintained.

F. Religious activity sign-in sheets are essential to record offender attendance at all religious activities for the management of facility space and to provide supporting documentation for the cancellation and discontinuation of religious activities.
   1. The facility Chaplain and/or other designated staff should ensure that religious activity sign-in sheets are present at all religious activities.
   2. Religious Activity sign-in sheets will be kept on file by the Chaplain or other designated facility staff for accountability purposes.

G. The offender population must be notified when religious activities are added, changed, or discontinued. The facility will determine how pass lists are to be managed for additional services until the Request to Attend Religious Activities can be updated.
V. Facility Chaplain

A. The Constitution of Virginia prohibits the use of General Fund revenues to support religion; therefore, all facility Chaplains are employed by GraceInside or are DOC approved volunteers.

1. The facility Chaplain or a volunteer Chaplain is available, to the greatest extent possible, to serve as an advocate for equitable accommodation of all religious faiths and to assure equal status and protection for all religions in the facility. (5-7F-4512; 4-4512; 2-CO-5E-01)
   a. Facility Chaplains and volunteer Chaplains should be qualified based on one unit of clinical pastoral education or equivalent specialized training and endorsement by the Denominational Endorsing Agent/Officer. (5-7F-4512; 4-4512)
   b. Within the limited resources of GraceInside and available volunteers, each facility strives to provide the following Chaplain access: (5-7F-4513; 4-4513)
      i. In facilities with an average daily population of 500 or more offenders, there is a full-time Chaplain (or Chaplains) or the equivalent of full time coverage.
      ii. In facilities with less than 500 offenders, there is adequate religious staffing.
   c. Facility Chaplains are subject to all work policies, laws, guidelines, rules, and regulations that apply to DOC employees, including confidentiality and security procedures, unless otherwise stated in this operating procedure.
      i. Facility Chaplains, Muslim Imams, and all other religious representatives that accompany the Imam must sign in and out on the Chaplain/Imam Sign-In Sheet 841_F20.
      ii. The Chaplain/Imam Sign-In Sheet 841_F20 will be stored in a binder located at the facility’s perimeter access point for volunteers.
      iii. All other volunteers and religious workers (other than those who accompany the Imams) must sign in and out on the facility provided volunteer log located at the perimeter access point.

2. When a religious leader of a recognized religion is not represented through chaplaincy staff or volunteers, the facility Chaplain should assist offenders in contacting a person who has the appropriate credentials from the faith judicatory. (5-7F-4519; 4-4519)
   a. The individual contacted will minister to the offender under the supervision of the Chaplain.
   b. If the facility Chaplain is unable to locate or obtain the services of a qualified representative from an offender’s religion, the facility Chaplain or other designated staff will assist the offender with obtaining religious texts, study materials, etc. for their religion.
   c. All recognized religious representatives should be available to all offenders within limitations of time, space, and supervision resources at the facility.

3. Facility Chaplains maintain primary oversight of the facility’s religious program and the day-to-day operations of religious activities within the facility.
   a. Facilities should ensure there is a secondary point of contact for religious activities (generally the Institutional Program Manager (IPM) or Volunteer Coordinator).
   b. The IPM, in consultation with the Facility Unit Head or designee, will allocate time and space for all religious activities.
   c. The Volunteer Coordinator in consultation with the Facility Unit Head has responsibility for all volunteer terminations.
   d. Concerns and complaints regarding the facility religious program, religious activities, or other religious accommodations should be resolved within the following limits:
      i. For facility Chaplains, five business days
      ii. For IPM/Volunteer Coordinator, seven business days
      iii. For Facility Unit Head, ten business days

4. Offender clerical staff may be provided to facility Chaplains. Non-offender staff, such as Lay Chaplains must handle all confidential material. (5-7F-4520; 4-4520)
   a. Offender clerical staff must be under the supervision of the facility Chaplain, other staff member,
or an experienced volunteer at all times while in the Chaplain’s office.

b. Offender clerical staff must not have access to telephones or to computers with internet connections.

5. The facility Chaplain will review all digital video discs (DVD’s) for use in the facility religious program and submit them to the IPM or equivalent designated by the Facility Unit Head for approval in accordance with Operating Procedure 841.1, Offender Programs and Services.

B. Chaplains have physical access to all areas of the facility and are encouraged to make regular rounds in all housing areas in order to minister to staff and offenders. (5-7F-4513; 4-4513; 2-CO-5E-01)

C. The facility Chaplain or designated staff should develop and maintain close relationships with community religious resources. The facility Chaplain, in cooperation with the Facility Unit Head or designee, should develop and maintain communications with faith communities and should coordinate the donations of equipment or materials for use in the facility’s religious program based on guidance from the Operations Support Manager. (5-7F-4516, 5-7F-4521; 4-4516, 4-4521; 2-CO-5E-01)

D. Facility Chaplains, due to the nature of their work, may have to interact with offenders in ways that are unique and different from employees.

1. Facility Chaplains are approved to conduct routine and emergency visits to offenders in non-DOC hospitals. Facility Chaplains visiting offenders in hospitals must:
   a. Always carry their DOC identification card and proof of clergy status as required by the hospital
   b. Comply with all hospital rules and regulations such as visiting hours, emergency room and intensive care unit access, etc.
   c. Be aware of the duties and responsibilities of security and medical staff and comply with their instructions
   d. Document their hospital visits and notify their facility point-of-contact that such visits have taken place

2. Facility Chaplains may be authorized to interact with offenders on supervision (probation/parole) or ex-offenders in non-supervised (direct release) correctional status to facilitate their re-entry into the community.
   a. All interactions should be professional and transitional in nature. Such activities include, but are not limited to, the following:
      i. Inviting offenders or ex-offenders to their place of worship for services, study groups, pastoral counseling, potential membership, etc.
      ii. Providing transportation, clothing, food, and other such assistance
      iii. Assisting with obtaining housing, education, vocational training, or job placement
   b. Prior to this interaction, facility Chaplains must submit a Request for Chaplain Interaction with an Offender or Ex-Offender 841_F4 for approval by the Facility Unit Head at the facility where they serve.
      i. Normally a facility Chaplain should only assist offenders and ex-offenders who were incarcerated at the facility where they serve.
         (a) Facility Chaplains may be approved to assist offenders who were incarcerated at other facilities. For example, the facility Chaplain works at a halfway house or step-down facility and wishes to provide services for an offender or ex-offender that was released from a different facility.
         (b) In such cases, the facility Chaplain will submit the Request for Chaplain Interaction with an Offender or Ex-Offender to their Facility Unit Head, but will note on the Request that the offender or ex-offender was released from a different facility. The facility Chaplain should include their justification for providing services to this offender or ex-offender.
      ii. A facility Chaplain who wishes to assist a released offender on active supervision (probation, parole, etc.) must also receive approval of the Chief P&P Officer of the offender’s P&P District so that the supervising P&P Officer can be notified.

c. The *Request for Chaplain Interaction with an Offender or Ex-Offender* will be maintained at the facility when the request is being made prior to the offender’s release.

i. If the offender has been released and the offender is in community release status, the *Request for Chaplain Interaction with an Offender or Ex-Offender* will be maintained in the P&P Office.

ii. If there is no probation or parole supervision involved (and the ex-offender is already living in the community), the *Request for Chaplain Interaction with an Offender or Ex-Offender* will be placed in the facility Chaplain’s personal files at the facility.

iii. Facility Chaplains should keep a copy of all *Requests for Chaplain Interaction with an Offender or Ex-Offender* in their personal files for documentation.

d. Facility Chaplains approved to interact with offenders on supervision (probation/parole) or ex-offenders in non-supervised (direct release) correctional status must review Operating Procedure 135.2, *Rules of Conduct Governing Employees Relationships with Offenders*, to be aware of fraternization and their obligation to avoid even the appearance of impropriety.

i. Fraternization includes but is not limited to the following prohibited activities:
   
   (a) Providing money or financial assistance to offenders or ex-offenders out of their personal funds
   
   (b) Providing legal assistance (hiring or paying lawyers, contacting victims, etc.) to or for offenders or ex-offender
   
   (c) Allowing offenders or ex-offenders to live in their personal home or residence
   
   (d) Hiring offenders or ex-offenders as personal employees, i.e. housekeeper, grounds keeper, maintenance or repair duties, etc.
   
   (e) Serving as a conduit for information and/or contraband (letters, pictures, property, etc.) between offenders and ex-offenders and currently incarcerated offenders
   
   (f) Crossing the line from professional to personal (overly friendly/familiar, romantic, or sexual) relationships with offenders and ex-offenders
   
   (g) Associating with offenders or ex-offenders in a manner that may compromise their ability to maintain professional boundaries

ii. Any violation for fraternization will be dealt with in accordance with the law and applicable DOC operating procedures to include termination of services and being barred from entry into the facility.

VI. Supervision of Religious Activities

A. Religious activities are normally conducted by approved clergy or volunteers.

1. If a religious activity has no available clergy or volunteer, offenders may meet under the general supervision of a trained and authorized staff member as approved by the Facility Unit Head.

2. Offenders may be authorized by the facility Chaplain or other facility staff to lead religious activities but such offenders have no authority over any other offenders. *(5-3A-4182; 4-4182)*
   
   a. No offender will be recognized by the DOC as a spiritual leader, pastor, rabbi, imam, or any other type of clergy.
   
   b. Offender religious leaders should be rotated on a regular basis (if possible) to prevent abuses.
   
   c. No offender will be allowed to handle or have access to confidential material concerning another offender.

B. All religious activities must be visually observed as indicated below to ensure the safety of the offender population and orderly operations of the facility.

1. Security Level 4 and Security Level 5 institutions must have in-room supervision by DOC staff (Security Staff or Counselor) or a contracted facility Chaplain (when available) at all times.

2. Security Level 3 institutions must have in-room supervision by DOC staff, contracted or volunteer Chaplain, or an experienced volunteer such as a Lay Chaplain.

Heads will determine the level of supervision for religious activities required to maintain safety of the offender population and orderly operations of the facility.

C. A religious activity may be canceled for facility emergencies, lockdowns, and if there is no staff available to provide required supervision.

1. Facilities are not required to reschedule a religious activity when the activity has been cancelled due to a facility emergency, lockdown, or shortage of staff.
2. Facilities will not habitually cancel religious activities due to shortage of staff.

VII. Requirements and Restrictions for Religious Practices

A. Some aspects of an accepted religious practice may be limited, restricted, or denied by the Facility Unit Head based upon legitimate concerns regarding security, safety, facility order, space, or resources. (5-7F-4517; 4-4517; 4-ACRS-5A-22; 2-CO-5E-01)

1. Restricting use of alcohol and other drugs in religious activities:
   a. As part of a scheduled religious activity, authorized clergy may bring into the facility a maximum of one fluid ounce of wine per participant in a transparent/translucent plastic container to administer communion.
      i. The wine may be served through the intinction method (i.e., dipping a wafer in wine) or direct consumption at the clergy’s discretion.
      ii. A maximum of one fluid ounce of wine only may be served for direct consumption and should be served to individual offenders in individual disposable paper or plastic cups (for hygiene and sanitation reasons).
      iii. Offenders must consume the wine during the religious activity, and the cups must be properly disposed of at the end of the activity.
      iv. The Clergy must remove the container and any remaining wine from facility grounds at the conclusion of the religious activity.
   b. All Clergy who administer communion by wine in a facility must have a limited background investigation completed, provide a copy of their commission, license, ordination, or endorsement from a religious authority or leader of their religious organization, and be approved by the Facility Unit Head.
   c. In order to administer wine for communion during a religious activity, the Clergy must submit a written request to the Facility Unit Head or Chief of Security for approval at least one week in advance of the planned religious activity.
   d. Any time wine is present in a facility for offenders to take communion, a security staff member must escort the Clergy with the wine.
   e. Groups that allow substitutes for wine may allow offenders to consume grape juice or fruit flavored mixes in the communion service.
   f. As needed for participation in the communion service, necessary items such as bread, wafers, grape juice, and fruit flavored mixes will be purchased by the facility using commissary funds or these items may be donated with approval of the Facility Unit Head and in accordance with this operating procedure. Wine will not be purchased by facility staff or with facility funds.

IX. Holy Day Observances (2-CO-5E-01)

A. It is recognized that although each offender has the right to observe the holy days for their religion, the availability of facility resources (space, time, security needs, and staff supervision) does not allow for a group observance of every possible holy day at every facility.

1. To ensure consistent observances within the DOC, holy day observances that are approved for DOC facilities without further review or approval are listed on Attachment 4, Master Religious Calendar.
   a. The Master Religious Calendar serves as a guide for the observation of approved holy days and for the planning of holy day observances to allow the greatest access and offender participation possible.
   b. The Master Religious Calendar provides the date of the observance, the recognized religions eligible to participate, any work prohibitions, special menu requirements, dietary considerations, and guidance on the provision of a special group service and group meals.
   c. Participation in holy day observances is limited to those offenders who indicated on their facility Request to Attend Religious Activities that they wish to participate in religious activities for a religion that is eligible to participate in the observance.
   d. As each holy day observance approaches, a memorandum may be issued from the Chief of Corrections Operations announcing the dates of the observance, the recognized religions that are eligible to participate, and any additional guidance for the observance.
      i. Chief of Corrections Operations memorandums will override the Master Religious Calendar.
      ii. The offender population will be provided with information on holy day observance to include any facility-specific information and any deviation from routine facility operations.
   e. There will be no sincerity requirement established for offenders wishing to participate in holy day observances e.g., possession of religious items, religious activity attendance, etc.

2. The IPM or other executive level staff member designated by the Facility Unit Head is responsible for the management of all holy day observances at the facility.
   a. Offenders who are eligible and wish to participate in the holy day observance must submit an Offender Request 801_F3 at least 30 days prior to the start of the observance in order to sign-up for participation.
   b. The IPM or designated staff member will review the offender’s request, determine if the offender is eligible, and document their decision on the request form within seven days; a copy of the request form must be returned to the offender as a receipt of their request and notification of the decision.
      i. Offenders who did not indicate that they wish to participate in religious activities for a religion eligible to participate will not be approved.
      ii. A holy day observance is not required at facilities that do not have at least two eligible offenders who submitted a request to participate in the holy day observance.
   c. The IPM or designated staff member will prepare and, as necessary, update a single list of all offenders who are approved to participate in the holy day observance and will ensure that a copy of the list is posted in the offender housing units 21 days prior to the start of the observance.
   d. A copy of the list and each updated version will be distributed to appropriate staff, and this list will serve as the only official list used to verify an offender’s approval to participate.

3. Offenders who transfer from one institution to another while participating in a holy day observance may request to participate at the receiving institution, if the observance is available there.
   a. The receiving facility may confirm the offender’s participation with the sending facility but access to religious fasting and group meals will not be withheld pending confirmation; the
receiving facility must allow immediate participation.

b. The offender will be added to the master pass list and any other list used to control offender movement to attend and participate in all aspects of the holy day observance.

4. Facility staff must ensure that all offenders, regardless of housing status, are aware of upcoming holy day observances and, when necessary, directly contact any offender assigned to a housing status with restricted movement to provide them with the opportunity to submit an Offender Request to participate in the fast and receive the fasting meals.

5. If the number of offenders exceeds the space available for the holy day observance, then multiple services will be provided so that each offender will have equal access.

B. Islam (Sunni Muslim, Shiite Muslim), Nation of Islam (NOI), and Moorish Science Temple of America (MSTA) are eligible to participate in Muslim holy day observances.

1. The Chief of Corrections Operations will issue a memorandum prior to the holy day observances of Ramadan/Month of Fasting, the Eid-ul-Fitr feast, and the Eid-ul-Adha feast.

2. Islam (Sunni Muslim, Shiite Muslim) should observe these holy days and participate in special group services (worship services, study sessions) and group meals separately from the NOI and MSTA to the extent possible within space and time, security needs, and staff supervision.
   a. Group meals will be served at a separate time and/or area from general offender population.
   b. Due to the separate and distinct belief systems of NOI and MSTA, separate special group services, group meals, etc. should be provided.
      i. When available space and time, security needs, and staff supervision require, NOI and MSTA may conduct joint group services, group meals, etc.
      ii. Due to differences in belief systems, a shared group meal is preferable to joint services and/or study sessions.

3. The observance of Ramadan or the NOI Month of Fasting should not interfere with regular work, school, or program assignments.
   a. Offenders should observe their prescribed times of prayer and spiritual reading individually before or after their scheduled work, school, and program assignments.
   b. Facility staff and work supervisors must allow offenders to perform their personal prayers individually during scheduled work breaks; group prayers are not authorized during work, school, or program breaks.

4. Offenders participating in the holy day observance are permitted to fast during the daylight hours, but are not required to fast in order to remain on the list for participation in the observance. Offenders who choose to eat commissary food items or who seek a meal tray between dawn and sunset will not be removed from participation or otherwise penalized.

5. Offenders participating in the observance of Ramadan/Month of Fasting will be provided the opportunity to take their medications before dawn or after sunset through special pill calls or self-medication. Offenders should consult with the medical staff and must take all responsibility for the possible consequences of taking medications at intervals not recommended by the medical staff.

6. Offenders are not exempt from random drug testing during the observance of Ramadan or the NOI Month of Fasting.
   a. Randomly selected offenders who are fasting during daylight hours should be tested during those times when they are allowed to eat and drink i.e., before dawn and after sunset.
   b. All other drug-testing regulations apply.

C. Jews, Messianic Jews, and Yahwists (House of Yahweh, Philadelphia Church of God, etc.) holy day observances.

2. Holy day observances for House of Yahweh, Yahwists, Philadelphia Church of God, and African Hebrew-Israelite include Feast of Trumpets (Rosh Hashanah), Day of Atonement (Yom Kippur), Passover, Feast of Tabernacles (Sukkoth), and Pentecost (Shavuot).

3. The Chief of Corrections Operations will issue a memorandum prior to the holy day observances of Passover.

4. Jews should observe these holy days and participate in special group services (worship services, study sessions) and group meals separately from Messianic Jews, Yahwists, Philadelphia Church of God, and African Hebrew-Israelite to the extent possible within limitations on space, time, security needs, and staff supervision.
   a. Group meals will be served at a separate time and/or area from the general offender population.
   b. Due to the separate and distinct belief systems of Messianic Jews, Yahwists, Philadelphia Church of God, and African Hebrew-Israelite, separate special group services, group meals, etc. should be provided.
      i. When available space and time, security needs, and staff supervision require, Messianic Jews, Yahwists, and Philadelphia Church of God may conduct joint group services, group meals, etc.
      ii. Due to differences in belief systems, a shared group meal is preferable to joint services and/or study sessions.

5. Offenders participating in a holy day observance that includes fasting are permitted to fast during the daylight hours, but are not required to fast in order to remain on the list for participation in the observance. Offenders who choose to eat commissary food items or who seek a meal tray between dawn and sunset will not be removed from participation or otherwise penalized.

6. Messianic Jews are also generally approved to participate in Christian holy day observances as these groups have both Jewish and Christian elements. Messianic Jews may observe the Christian holy days in conjunction with the Christians. Separate observances are not required.

D. Roman Catholic, Greek Orthodox, Protestant denominations, Church of Jesus Christ of Latter Day Saints (Mormons), and Messianic Jews are eligible to participate in the Christian holy day observances of Easter and Christmas.

   1. It is recognized that there will be staffing shortages and heavy visitation but all Facility Unit Heads must allow special group services on these holy days.
   2. Separate special group services should be provided for each of these recognized religions, where offender participation, time, space, security needs, and staff supervision permit.
   3. An interdenominational group service for Easter may be held as either a sunrise service, afternoon service, or evening service as determined by the Facility Unit Head and the facility Chaplain in consideration of visitation and staffing issues.
   4. An interdenominational group services for Christmas may be held either Christmas Eve or Christmas Day. Both Christmas Eve and Christmas Day services may be held at the Facility Unit Head’s discretion depending on space, time, security needs, staff supervision, and facility Chaplain or religious volunteer availability.

   1. The Facility Unit Head or designee will review the request, and recommend approval, approval with restrictions, or disapproval and forward the Religious Item/Holy Day Observance Request to the Faith Review Committee.
   2. If the holy day observance was reviewed by the Faith Review Committee within the last 12 months, a new review is not required. The Operations Support Manager may document the committee’s previous decision on the Religious Item/Holy Day Observance Request 841_F1 without further committee review.
